5. BATTER to REMAIN in BATTERS BOX

Batter's shall be required to remain in the batter's box unless they make a request for 'time' and the umpire feels that the request is reasonable. Only then shall the umpire grant time out. If no runners are on base, the batter should not be granted time and not permitted to leave the Batter's box unless, in the opinion of the umpire, unusual circumstances exist which make the request a reasonable one.

NOTE: For games umpired by a club umpire – the club umpire is to keep in mind what the intent of the rule is (to stop time wasting) and is not to be used in an unreasonable manner to create unnecessary issues during the game.

As per the Rules of Baseball 6.02

BATTING HELMETS - Juniors:

- (a) Double-eared batting helmets **MUST** be worn by all players during their time at bat and for the entire duration of their time on the base paths in all matches. Batting helmets must have double ear guards.
- (b) It is recommended that all persons of the batting team, (i.e.) batters, on-deck batter, base runners, base coaches and bat-persons wear a batting helmet, as required above, during each offensive half innings. Any runner deliberately discarding or carrying a helmet will be warned once and then will be declared out for a second offence.
- (c) Before the start of every game, the Umpire-in-Chief should inspect both teams' helmets, and not permit the use of any helmet which, in his opinion, is either unsafe, or does not comply with the above requirements. Should a batter appear at the plate without a helmet, the Umpire shall call **TIME** and instruct the defaulting player to obtain a helmet before they will be allowed to take their time at bat.

7. BEHAVIOUR OF PLAYERS, COACHES, OFFICIALS AND SPECTATORS:

Players and Officials are required to:

Abide by the MWBL 'Code of Conduct' and all other Rules, By-Laws and Statement of Purposes and Match Conditions that shall be binding on all members of the Melbourne Winter Baseball League Inc. For information, please refer to MWBL Code of Conduct – Players and Officials for details **IN PARTICULAR**

Good relationships must be fostered between clubs and their teams before, during and particularly after games. The authority and decisions of the Umpire must be respected. Abuse and intimidating language and tactics must not be directed to any Umpire by any person.

The Coach of each team must insist that his/her players behave in a sportsmanlike manner, especially towards members of the opposing team, at all times. The use of intemperate or unseemly language by players or coaches is absolutely forbidden. Spectators should not only support their own team, but show appreciation of good play by the .

opposition, and never barrack against or belittle their opponents.

Club representatives of each team, including coaches and managers, are required to draw the attention of their spectators or own players to the above conditions, regarding behaviour, if these conditions are being disregarded.

8. BENCH AREAS (Dugouts) - Senior & Junior Matches:

Clubs are required to provide bench areas for both the home and away teams of a similar standard. Failure to do so will result in an appearance before the MWBL Executive and a penalty may be applied by the MWBL Executive. All benches are to have protection screens in front – either permanent or temporary to protect the players from stray balls. Failure to comply will result in loss of 2 match points for first offence and after second offence games will not be scheduled at that ground until protection is provided to the satisfaction of the Pennant Committee.

9. BEST PLAYER VOTES - SENIORS

In all grades the Plate Umpire shall award votes for the best player on the basis of 3 votes for the best player, 2 votes for the second best player, 1 vote for the third best player and noted on the match card. Any player suspended for an offence by the Tribunal shall be ineligible to win a Best Player Award.

10a. BYES – Senior

When a senior team has a bye – any player of the team having the bye that played in the previous round shall NOT be permitted to play in a lower graded team for that round. In round 2 any player that played in a lower graded team in round 1, shall NOT play in a higher graded team that had a bye in round 1.

10b. FORFEITED GAME:

If either team has less than the required regulation team of seven players in attendance at the scheduled starting time, the defaulting team will be given TEN MINUTES grace in which to find the required number of players. If after ten minutes a team is unable to find seven players the match will be forfeited to their opponent and a score of nil runs to nine will be recorded against them. The team winning by default will be credited with a score of nine runs to nil. Should both teams be at fault the Umpire will declare a “NO GAME” and both teams will have a score of nil runs to nine debited against them. For forfeiting a match or conceding a walk-over a fine will be imposed, plus any other penalty the MWBL may decide.

10c. FORFEITS/ WALKOVERS:

Prior to game day:

Clubs giving a walkover prior to game day are required to forfeit the clubs lowest grade team and to notify the opposing club and the League Administrator as soon as possible.

Penalty for teams giving the walkover prior to game day:

Senior Team - \$50 fine and no match points. Junior Team - \$30 fine and no match points

Clubs that do not forfeit the lowest grade team will be fined as above and also two match points will be deducted from all teams below the grade that forfeited.

Walkovers will be scrutinized by the Pennant Committee and clubs found to not have followed protocol may have a further penalty applied at the discretion of the Pennant Committee

At the ground on game day:

The team giving a walkover must report on the match card the names of the players in attendance.

The team receiving the forfeit must record on the card not less than 7 players.

Players named on the match card are ineligible to play in another match of the same round.

Penalty for teams giving the walkover on game day:

Senior Team - \$50 fine plus appointed umpires fees (if in attendance) and no match points.

Junior Team - \$30 fine plus appointed umpires fees (if in attendance) and no match points

11. CATCH AND CARRY RULE:

To clarify the legality of catches made next to the Dead Ball Line (DBL), on open grounds the following interpretation is to be used.

1. For a catch to be legal any part of the fielder's body must be inside the DBL.
If part of the fielder's body over the DBL is in the air at the time of the catch, the catch is still legal.
2. If the catch is taken in Live Ball Territory (LBT) and the fielder's momentum carries him over the DBL line the catch is legal and the ball is dead and any base runner's will advance one base. If a fielder's momentum carries him into DBT there can be no spectator interference. The fielder enters the DBT at their own risk.

12. CATCHERS – Senior & Junior:

All catchers **MUST** wear helmets or combined mask/helmet combination.

All players warming up pitchers MUST wear masks.

CATCHER'S HELMETS, MASKS or FULL MASK/HELMET COMBINATION TO BE USED:

It is compulsory for junior catchers to wear helmet, mask, throat guard, chest plate and leggings when catching.

Catchers, coaches, parents and other junior players will wear catcher's helmet, mask, and throat guard when warming up pitchers.

Senior players participating in a senior game must wear catchers mask as a minimum standard when warming up pitcher.

13a. CLEARANCES – Seniors and Juniors:

Refer to MWBL Rules and By-Laws

Clearances close on 30th June for players registered within Victoria for the MWBL and/or other competing Winter baseball leagues/Associations.

All correct clearance paperwork must be lodged with the MWBL Administrator prior to this date.

For all other circumstances, please refer to the MWBL Rules & By-Laws.

13b. REGISTRATION OF PLAYERS – Seniors and Juniors: Refer to MWBL Rules & By-Laws (Rule 15)

All players must be registered as follows:

- (1) PREVIOUSLY REGISTERED PLAYERS – Each club shall activate on the current approved B. A. database a list of names and updated addresses and other details of previously registered players who will be playing for the club in the forthcoming season **prior to the season start**. NOTE: Players must be **made** as active.
- (2) After a new player (senior and junior) has participated in his/her SECOND game – players need to complete the approved registration form and send to the MWBL Administrator within 72 hours. **Clubs are responsible for adding details of all new players (senior and junior) on the current B. A. database**. NOTE: Players must be **made** as active.
- (3) For Junior players proof of age is required and a club official must certify that a new players birth certificate, extract of birth, passport or any other proof of age has been sighted or provided to confirm date of birth.

NOTE:

For all players (senior and junior) after a player plays his/her first game for the season whether an existing player, new player or as a 'fill in' for the day, clubs are required to enter the players details on the B. A. database within 72 hours after playing. As per B. A. Requirements:

For members to be under the Baseball Australia insurance they must be entered on the Database.

14. COLLISIONS AT HOME PLATE

A runner attempting to score may not deviate from their direct pathway to the plate in order to initiate contact with the Catcher (or other player covering home plate). If, in the judgment of the Umpire, a runner attempting to score initiates contact with the catcher (or other player covering home plate) in such a manner, the Umpire shall declare the runner out (even if the player covering home plate loses possession of the ball). In such circumstances, the Umpire shall call the ball dead and all other base runners shall return to the last base touched at the time of the collision.

Rule 7.13 Comment: The failure by the runner to make an effort to touch the plate, the runner's lowering of the shoulder, or the runner's pushing through with their hands, elbows or arms, would support a determination that the runner deviated from the pathway in order to initiate contact with the catcher in violation of Rule 7.13. If the runner slides into the plate in an appropriate manner, they shall not be adjudged to have violated Rule 7.13. A slide shall be deemed appropriate, in the case of a feet first slide, if the runner's buttocks and legs should hit the ground before contact with the catcher. In the case of a head first slide, a runner shall be deemed to have slid appropriately if their body should hit the ground before contact with the catcher.

Unless the catcher is in possession of the ball, the catcher cannot block the pathway of the runner as they are attempting to score. If, in the judgment of the Umpire, the catcher without possession of the ball blocks the pathway of the runner, the Umpire shall call or signal the runner safe. Notwithstanding the above, it shall not be considered a violation of this Rule 7.13 if the catcher blocks the pathway of the runner in order to field a throw, and the Umpire determines that the catcher could not have fielded the ball without blocking the pathway of the runner and that contact with the runner was unavoidable.

15. DEFENSIVE VISITS: (Visits to the Mound) (As per the Rules of Baseball – Rule 8.06)

- (a) This rule limits the number of trips a manager or coach may make to any one pitcher in any one inning.
- (b) A second trip to the same pitcher in the same inning will cause the pitcher's automatic removal from the mound but can remain in the game.
- (c) The manager or coach is prohibited from making a second visit to the mound while the same batter is at bat; but,
- (d) If a pinch hitter is substituted for the batter, the manager or coach may make a second visit to the mound, but must remove the pitcher. A manager or coach is considered to have concluded a visit to the mound when having left the 18 foot circle surrounding the pitching rubber.

If the manager or coach goes to the catcher or infielder and that player then goes to the mound or the pitcher goes to that player at that player's position before there is an intervening play (a pitch or other play), that will be the same as the manager or coach going to the mound.

Any attempt to evade or circumvent this rule by the manager or coach going to the catcher or an infielder and then that player going to the mound to confer with the pitcher shall constitute a trip to the mound.

It will remain solely the umpire's judgement as to whether a visit to the mound by an on field manager, coach or player to converse with the pitcher is considered an official pitching visit or as a visit 'in play' and not for coaching purposes.

If the coach goes to the mound and removes a pitcher and then the manager goes to the mound to talk with the new pitcher, that will constitute one trip to that new pitcher in that inning.

In the case where a manager has made a first trip to the mound and then returns the second time to the mound in the same inning with the same pitcher in the game and the same batter at bat after being warned by the umpire not to return to the mound, then the manager shall be removed from the game and the pitcher is required to pitch to the batter until the batter is retired or gets on base. After the batter is retired, or becomes a base runner, then this pitcher must be removed from the game. The manager should be notified that the pitcher will be removed from the game after pitching to one hitter so a substitute pitcher can be warmed up. The substitute pitcher will be allowed eight warm up pitches or more if, in the umpire's judgement, circumstances justify.

16. DESIGNATED HITTER – Seniors only:

May be used in - A Grade, A Reserve, B Grade, B Reserve, C Grade, C Reserves, A3 Grade, A4 Grade - grades only.

17. DESIGNATED PITCHER RULE – Seniors only:

The principle of the rule is to allow first nine players, who are under 26 years of age and less than top rating as pitchers, to pitch in the Reserves game. This player shall then start in the first nine (late) game on the same day other than as a pitcher. A player who is no longer eligible to play juniors but has not attained the age of 18 may be approved as a D.P. provided that the player complies with the requirements as set out in these rules. If the higher grade team is eliminated then the player is still eligible to continue to play in the lower grade provided he/she has played more than half the total games in a lower grade(s) including finals games. If a player goes up in a later final, they cannot come back down unless the higher grade team that the player played in is still competing.

EXAMPLE 1 –

Player A plays 8 games in A Grade and 9 Games in A Reserve is eligible to play A Grade and A Reserve Finals.

If Player A plays 1st week final in A Grade he is deemed to have played 9 Games in A Grade and 9 Games in A Reserve. If the A Grade team is eliminated, he cannot return to A Reserve as he has played an even amount of games and the higher graded team has been eliminated.

It is not compulsory for both teams to use this rule. If a player on

the extended batting line up does not take their turn at bat for any reason, then that batter is deemed to have been removed from the game and is then removed from the batting line up and can no longer participate in the game, then a blank will be declared which will result in an automatic out for the fielding team. If he cannot return before the expiry of one complete inning (6 outs from the removal) the reserve player becomes a normal substitute. The umpire's judgement as to whether the removed player is able to return will prevail. He would take into consideration the extent of the injury.
3. In the case where there is no reserve player to take his place, another player who has previously been substituted can run and field in his place and can bat in the replacement batting position of the replaced player, as long as this at bat falls within the allotted 6 outs from the removal of the injured player. Outside of these 6 outs, the replacement player in this instance cannot bat. This would create a blank in the batting order and be an out in the inning. If no reserve is available then a team member is allowed to run only for the removed player as a proxy runner, but the runner must not be in the next 4 batters in the batting order after the batter at the plate.

2. A reserve player can take his/her place and field and bat in his/her place until the removed player has had the recommended concussion test and is able to return to play.
3. If the player cannot return, then the replacement player then becomes a normal substitute and bats and fields in his/her place.
4. A replacement player can be either a reserve player that has not previously played in that game or in the case of no reserve player then another player that has previously been substituted in that game. Any replacement player that has played until the player removed has been cleared to be able return to play following a concussion test can then return to the bench and is now a legal reserve player and can re-enter the game as a normal substitute player.

A third visit or any subsequent visit will also force the Manager or Coach to make a pitching change. This rule will be enforced by the Umpire. A Manager or Coach may, at any time, without penalty, go onto the ground for the sole purpose of giving aid to a sick or injured player.

It is recommended that players wear appropriate protection whilst on the field during a game.

44a. RE-ENTRY RULE - Applicable to Senior A Grade & B Grade - only. (NOTE – Adopted in 2015)

A player who has participated in A Reserve, B Reserve - games may also participate in the late game **at the same venue** on the same day, but may not jump more than 1 grade to do so, provided that the player does not enter the late game before the end of the second innings, except in the case of a Designated Pitcher from early game who should start in the late game.

A maximum of 15 players may be used in any game

(ie) nine starting players and six re-entry players or any combination of 15 maximum (Names of potential re-entry players **are NOT required** to be submitted to the home plate umpire before the game.)

It is the responsibility of each team coach or manager to apply the rule as written.

A pitcher in the A Reserve, B Reserve (including designated pitcher) cannot then pitch in the late game. Re-entry games will not be counted towards finals eligibility.

Exception: That if any re-entry player pitches in the late game then that player will be recorded with a game played in the late game and not recorded with a game played in the early game.

NOTE: Misuse of this rule shall mean loss of match points and fine as per schedule. Points and a score will be awarded to opposing side, that score will be 9-0 unless it is to the disadvantage of that side.

(i.e.) The opposing side may have won the game by a greater margin than 9-0.

If a team uses a substitute player as a fielder at the start of the game then that player CANNOT be used as a re-entry player after the second innings and shall be immediately removed from the game and may not take any further part in the game except in a coaching capacity. These players will be counted as one of the 15 maximum
Should the Pennant Committee believe any club is using the re-entry rule for a competitive advantage, it deserves the right to penalise that club accordingly, which could include loss of match points in either or both games, as well as the possible suspension of coach/s or club official/s deemed to be abusing the rule.

44b TWO GAMES / ONE DAY RULE - Applicable to ALL other senior Grades (NOTE – Adopted in 2015)

Any player who participates in any of these grades - A4, B4, C Res, D Res, & EE Grade can participate from any point in a game later that day **at the same venue**, including from the start.

(Example: A D Reserves player can start in any C Grade game on the same day)

A pitcher in the early game cannot then pitch in the late game.

Participation in each game shall count as a game played for each grade for finals eligibility.

Contravention of this Match Condition shall result in forfeiture of the second game, and an impose of a "Forfeiture" fine on the offending club

 - (b) The team last at bat, having scored an equal number to, or less runs than the team first at bat by the end of the last completed number of innings, has in the incomplete inning, scored sufficient runs to make the score a TIE.
- In each of the following examples, “A” is the team first at bat, and “B” the team last at bat.
